

Q-View_{v 1.1.0}

ACD Agent and Supervisor Applet

Q-View is the real-time monitoring solution for Wave IP Contact Center Agents and Supervisors that provides immediate data visibility to maximize agent productivity and caller satisfaction.

With *Q-View*, your Agents and Supervisors are constantly aware of Queue status. Both visual and audible indications alert them to out-of-threshold conditions. Give them the tools they need to manage by exception and meet or exceed your goal metrics.
